

Wednesday 16 October 2019: Workshops

Registration													
7.30													
8.30 – 10.00am	<p><b>Educators</b></p> <p>Preparing a culturally competent workforce: training physiotherapy students and practitioners for their everyday practice with diverse patient and staff communities</p> <p><b>Presenters:</b> Caroline Fryer, Gisela Van Kessel, Maureen McEvoy</p> <p>Room: E2</p>	<p><b>Cancer, Palliative Care and Lymphoedema</b></p> <p>Promoting physical activity and reducing sedentary behaviour through physiotherapy in cancer rehabilitation</p> <p><b>Presenters:</b> Sjaan Gomersall, Amy Dennett</p> <p>Room: Hall E 1</p>	<p><b>Orthopaedic</b></p> <p>Gluteal tendinopathy – what are my options? Active vs surgical management of lateral hip pain</p> <p><b>Presenters:</b> Alison Grimaldi, Peter Lewis, Angie Fearon</p> <p>Room: Riverbank 2</p>	<p><b>Mental Health</b></p> <p>Mindfulness for physiotherapists</p> <p><b>Presenter:</b> Georgie Davidson</p> <p>Room: Riverbank 3</p>	<p><b>Neurology Half day 1</b></p> <p>Freezing of gait in Parkinson's disease: evidence-based physiotherapy assessment and management</p> <p><b>Presenters:</b> Colleen Canning, Natalie Allen, Lina Goh</p> <p>Room: Riverbank 6</p>	<p><b>Women's, Men's Pelvic Health half day 1</b></p> <p>Explain pelvic pain - 10 target concepts from ep supercharged applied to pelvic pain cases</p> <p><b>Presenters:</b> Trish Neumann, Shan Morrison</p> <p>Room: City Room 2</p>	<p><b>Occupational Health half day 1</b></p> <p>Ergonomic assessment – choosing the right tool for the right job</p> <p><b>Presenters:</b> Grace Szeto, Venerina Johnston</p> <p>Transforming jobs to promote physical health and capacity using the goldilocks principle</p> <p><b>Presenters:</b> Leon Straker, Anjum Naweed</p> <p>Room: City Room 3</p>	<p><b>Paediatric</b></p> <p>Neuromotor task training, how does it work?</p> <p><b>Presenter:</b> Bouwien Smits-Engelsman</p> <p>Room: Riverbank 5</p>	<p><b>Musculoskeletal/ Sports and Exercise</b></p> <p>Clinical pearls and insights to transform your practice: communication in physiotherapy</p> <p><b>Presenters:</b> Bill Vicenzino, Ewa Roos, Ivan Lin, Julia Treleaven, Jane Rooney, Nicola Heneghan</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Emergency Department</b></p> <p>Clinical gems in the emergency department</p> <p><b>Presenters:</b> Scott Graf, H Yau, Grant Syme, Kirsten Strudwick</p> <p>Room: Riverbank 4</p>	<p><b>Business</b></p> <p>Accelerate – take your business to the next level</p> <p><b>Presenters:</b> the Australian Centre For Business Growth (ACBG), Jack O'Brien, Daniel Gibbs</p> <p>Offsite</p>	<p><b>Animal</b></p> <p>Soft supports, splinting and orthotics for the small animal carpus and tarsus</p> <p><b>Presenter:</b> Diane Messum</p> <p>Offsite</p>	
10.00 – 10.30am	Morning tea												
10.30am – 12.30pm	Educators cont'd	Cancer, Palliative Care and Lymphoedema cont'd	Orthopaedic cont'd	Mental Health cont'd	Neurology Half day 1 cont'd	Women's, Men's Pelvic Health half day 1 cont'd	Occupational Health cont'd	Paediatric cont'd	Musculoskeletal/ Sports and Exercise	Emergency Department	Business cont'd	Animal cont'd	
12.30 – 1.00pm	Lunch												
1.00 – 2.30pm	Educators cont'd	<p><b>Pain</b></p> <p>Solutions to pain communication: age, cultural and clinical considerations</p> <p><b>Presenters:</b> Jennifer Stinson, Toby Newton-John, Ivan Lin</p> <p>Room: Hall E 1</p>	<p><b>Acupuncture and Dry Needling</b></p> <p>Clinical gems for common physio conditions. Demonstration &amp; case studies with clinical experts</p> <p><b>Presenters:</b> Panos Barlas, Tristan Chai</p> <p>Room: Riverbank 2</p>	<p><b>Disability/Mental Health</b></p> <p>Communication skills workshop for physiotherapists working in the disability and mental health sectors</p> <p><b>Presenters:</b> Alison Chung, Joanne Connaughton</p> <p>Room: Riverbank 3</p>	<p><b>Neurology Half day 2</b></p> <p>Feedback-based technology: research to practice – come &amp; try!</p> <p><b>Presenters:</b> Daina Sturnieks, David Hobbs, Dr Maayken Van Den Berg</p> <p>Room: Riverbank 6</p>	<p><b>Women's, Men's Pelvic Health half day 2</b></p> <p>Exercise and the pelvic floor – considerations at every age</p> <p><b>Presenters:</b> Jenny Kruger, Chantale Dumoulin</p> <p>Room: City Room 2</p>	<p><b>Occupational Health half day 2</b></p> <p>Introducing APHIRM: a participative hazard identification and risk management tool for improving the risk management of musculoskeletal disorders</p> <p><b>Presenter:</b> Jodi Oakman</p> <p>Room: City Room 3</p>	<p><b>Cardiorespiratory</b></p> <p>Modalities of targeted exercise within a continuum of care: inspiratory muscle training, and new approaches to physiotherapy for surgical patients</p> <p><b>Presenters:</b> Rik Gosselink, Catherine Granger</p> <p>Room: Riverbank 5</p>	Musculoskeletal/ Sports and Exercise	Emergency Department	Business cont'd	Animal cont'd	<p><b>Aquatic half day</b></p> <p>Complex shoulder management and aquatic physiotherapy</p> <p><b>Presenter:</b> Sally Hess</p> <p>Offsite</p>
2.30 – 3.00pm	Afternoon tea												
3.00 – 5.00pm	Educators cont'd	Pain cont'd	Acupuncture and dry needling cont'd	Disability/mental health cont'd	Neurology Half day 2 cont'd	Women's, men's pelvic health half day 2 cont'd	Occ health cont'd	Cardiorespiratory cont'd	Musc/sports	Emergency Department	Business cont'd	Animal cont'd	Aquatic cont'd

7.30	Registration													
8.30 – 10.00am	<p>Opening Plenary</p> <p>Welcome To Country</p> <p>Presidents Welcome and Conference Opening</p> <p>BEYOND THE DEFAULT A QUEST BECKONS...</p> <p>Keynote Speaker: Dr Jason Fox</p> <p>Room: Hall C &amp; D</p>													
10.00 – 10.30am	Morning Tea													
10.35am – 11.20am	<p><b>Acupuncture 1</b></p> <p>Theme: Efficacy of needling for knee and back pain.</p> <p>10.35 The fallacy of guidelines: acupuncture for the treatment of knee and back pain</p> <p><b>International Keynote Speaker:</b> Panos Barlas</p> <p>Room: City Room 2</p>	<p><b>Pain 1</b></p> <p>Theme: Transforming the pain burden to drive health system innovation</p> <p>10.35 Lessons learned about pain from the global burden of disease study</p> <p><b>National Keynote Speaker:</b> Fiona Blyth</p> <p>11.00 Driving musculoskeletal pain transformation across the healthcare ecosystem: connecting patients, practitioners, providers and policy makers</p> <p><b>Invited Speaker:</b> Helen Slater</p> <p>Room: Panorama 3</p>	<p><b>Aquatic/Disability/Neurology 1</b></p> <p>Theme: Aquatic physiotherapy for people with a disability</p> <p>10:35 Combining land exercise, aquatic physio and musculoskeletal physio in a 32 year old, high functioning woman with cerebral palsy</p> <p><b>Speaker:</b> Judy Larsen</p> <p>10:50 An MS aquatic journey – from fear to freedom</p> <p><b>Speaker:</b> Lee O’Connell</p> <p>11:05 Short term, intensive aquatic physiotherapy for spinocerebellar ataxia</p> <p><b>Speaker:</b> Melissa Roberts</p> <p>Room: Riverbank 5</p>	<p><b>Cardiorespiratory 1</b></p> <p>Theme: Respiratory muscles</p> <p>10.35 Respiratory muscles: a forgotten target for physiotherapy?</p> <p><b>International Keynote Speaker:</b> Rik Gosselink</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Educators 1</b></p> <p>Theme: Students and clinical education</p> <p>10.35 Grit, resilience and mindset-type in physiotherapy students</p> <p><b>Speaker:</b> Marlena Calo</p> <p>10.50 What is ‘effective clinical supervision’ of physiotherapists? A qualitative study</p> <p><b>Speaker:</b> David Snowdon</p> <p>11.05 How do clinical educators use the assessment of physiotherapy practice (APP) tool in the workplace?</p> <p><b>Speaker:</b> Emily Riglar</p> <p>Room: Riverbank 6</p>	<p><b>Gerontology 1</b></p> <p>Theme: Global aging</p> <p>10.35 Community and global health: the role of geriatric physical therapy in promoting health</p> <p><b>International Keynote Speaker:</b> Jennifer Bottomley</p> <p>Room: E 2 &amp; 3</p>	<p><b>Musculoskeletal 1</b></p> <p>Theme: Contemporary thoracic spine rehabilitation</p> <p>10.35 Transforming rehabilitation for thoracic spine pain and dysfunction</p> <p><b>International Keynote Speaker:</b> Nicola Heneghan</p> <p>Room: Hall C &amp; D</p>	<p><b>Neurology 1</b></p> <p>Theme: Parkinson’s disease</p> <p>10.35 Parkinson’s disease</p> <p><b>Invited Speaker:</b> Colleen Canning</p> <p>Room: Hall B</p>	<p><b>Occupational Health 1</b></p> <p>Theme: Prevention</p> <p>10.35 Heads-down tribe – effects of smartphone use on neck pain in different age groups</p> <p><b>International Keynote Speaker:</b> Grace Szeto</p> <p>Room: Panorama 2</p>	<p><b>Paediatric 1</b></p> <p>Theme: Paediatric outcome measures</p> <p>10.35 Development of paediatric outcome measures (and its pitfalls)</p> <p><b>International Keynote Speaker:</b> Bouwien Smits-Engelsman</p> <p>Room: Panorama 1</p>	<p><b>Sports &amp; Exercise 1</b></p> <p>Theme: Exercise transforming clinical management.</p> <p>10:35 GLA:D, good life with osteoarthritis from Denmark</p> <p><b>International Keynote Speaker:</b> Prof Ewa Roos</p> <p>Room: Hall A</p>	<p><b>Women’s, Men’s Pelvic Health 1</b></p> <p>Theme: Incontinence</p> <p>10:35 Urinary incontinence in aging women: better understanding to better treat and implement</p> <p><b>International Keynote Speaker:</b> Chantale Dumoulin</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Mental Health 1</b></p> <p>Theme: Exercise, physiotherapy and mental illness</p> <p>10.35 The effects of long-term exercise and stopping long-term exercise on depressive- and cognitive-like symptoms, and hippocampal neurobiology</p> <p><b>Invited Speaker:</b> Julie Morgan</p> <p>11.05 Physiotherapists should increase service provision for people with severe mental illness</p> <p><b>Speaker:</b> Eleanor Andrew</p> <p>Room: City Room 3</p>	<p><b>Orthopaedic 1</b></p> <p>Theme: Novel rehabilitation strategies</p> <p>10.35 Efficacy of load management education with exercise for gluteal tendinopathy compared to corticosteroid injection or wait and see – results of the LEAP randomised clinical trial</p> <p><b>Invited Speaker:</b> Alison Grimaldi</p> <p>10.55 Effectiveness of a novel gaming system on post-operative rehabilitation outcomes after total knee arthroplasty: a pilot study</p> <p><b>Speaker:</b> Jiayen Wong</p> <p>11.00 The role of aboriginal traditional healing practices for physical, mental, emotional and spiritual wellbeing</p> <p><b>Speaker:</b> Francesca Panzironi</p> <p>Room: Riverbank 4</p>
11.25am – 12.10pm	<p><b>Acupuncture 2</b></p> <p>Theme: From competency to inspired clinician.</p> <p>11.25 Being a competent needler: learning from others mistake’ and talk</p>	<p><b>Pain 2</b></p> <p>Theme: Clinical Pain Research Reports 1</p> <p>11.25 State of clinical pain research in Nepal: a systematic scoping review</p>	<p><b>Aquatic/Disability/Neurology 2</b></p> <p>Theme: Aquatic physiotherapy for people with a disability.</p> <p>11:25 Aquatic physio is worthwhile after all</p>	<p><b>Cardiorespiratory 2A</b></p> <p>Theme: Chronic heart failure</p> <p>11.25 Year in review: exercise for chronic cardiac conditions</p>	<p><b>Educators 2</b></p> <p>Theme: Challenges in practice</p> <p>11.25 Moving forward” – private practice placement capacity and</p>	<p><b>Gerontology 2</b></p> <p>Theme: Engagement in exercise</p> <p>11.25 An evaluation of tailored falls education delivered by physiotherapists in hospital to facilitate older adult</p>	<p><b>Musculoskeletal 2</b></p> <p>Theme: Complex cervical spine management</p> <p>11.25 Transforming practice: a specific neurobiological approach for neck pain or trauma</p>	<p><b>Neurology 2</b></p> <p>Theme: Managing complexity</p> <p>11.25 Assistive technology for people living with Motor Neuron Disease: who needs</p>	<p><b>Occupational Health 2</b></p> <p>Theme: Risk management - managing complexity</p> <p>11.25 Low back pain in compensated Australian</p>	<p><b>Paediatric 2</b></p> <p>Theme: Hypermobility and pain</p> <p>11.25 Tightening up’ hypermobility in paediatrics</p>	<p><b>Sports &amp; Exercise 2</b></p> <p>Theme: Best practice knee rehabilitation</p> <p>11.25 ACL rehabilitation best practice transforming the knee clinic</p>	<p><b>Women’s, Men’s Pelvic Health 2</b></p> <p>Theme: Pelvic health</p> <p>11.25 Clinical reasoning, diagnostic decision making, terminology and reporting for pelvic floor</p>	<p><b>Mental Health 2</b></p> <p>Theme: Communication / behavioural change</p> <p>11.25 Addressing mental health literacy of physiotherapy students</p>	<p><b>Animal 2</b></p> <p>Theme: Dysfunction</p> <p>How to....The Hyoid and beyond: understanding the implications of dysfunction</p> <p><b>Speakers:</b> Erin Riley,</p>

<p>about the important aspects of a good needler</p> <p><b>National Keynote Speaker:</b> Doug Cary</p> <p>11.45 Where traditional Chinese medicine and western clinical reasoning intersect - a journey of a physiotherapist into the world of eastern medicine</p> <p><b>Invited Speaker:</b> Tristan Chai</p> <p>Room: City Room 2</p>	<p><b>Speaker:</b> Mr Saurab Sharma</p> <p>11.40 A randomised controlled experiment testing patient and therapist blinding: innovative blinding strategies for physical treatments</p> <p><b>Speaker:</b> Felicity Braithwaite</p> <p>11.55 Novel assessments in elite athletes with persistent posterior thigh pain – exploring potential non-tissue based contributors TO pain</p> <p><b>Speaker:</b> Jane Chalmers</p> <p>Room: Panorama 3</p>	<p><b>Speaker:</b> Julie Harrison</p> <p>11:40 Strategies for treating Parkinson’s disease in the aquatic environment</p> <p><b>Speaker:</b> Fleur Terrens</p> <p>11:55 Treatment for people with a disability – panel discussion</p> <p>Panel: Judy Larsen, Melissa Roberts, Lee O’Connell, Julie Harrison, Fleur Terrens</p> <p>Room: Riverbank 5</p>	<p><b>Speaker:</b> Norman Morris</p> <p>11.40 Australian chronic heart failure rehabilitation: a picture of current practise and engagement levels</p> <p><b>Speaker:</b> Katie Palmer</p> <p>11.50 Exercise participation and outcomes in frail and non-frail heart failure patients: results from ejection-HF</p> <p><b>Speaker:</b> Julie Adsett</p> <p>Room: Riverbank 2 &amp; 3</p> <p><b>Cardiorespiratory 2B</b></p> <p>Theme: Cystic Fibrosis and airway clearance</p> <p>11.25 Analysis of the impact of physical activity on 10-year health outcomes in adults with cystic fibrosis</p> <p>Speaker: Ruth Dentice</p> <p>11.40 Benchmarking service provision, scope of practice and skill mix for physiotherapists in adult CF care delivery</p> <p>Speaker: Kathleen Hall</p> <p>11.55 Current use of airway clearance techniques in the management of individuals experiencing an acute exacerbation of bronchiectasis</p> <p>Speaker: Jennifer Phillips</p> <p>Room: Hall E1</p>	<p>quality</p> <p><b>Speaker:</b> Casey Peiris</p> <p>11.40 Prepare for change: a statewide allied health workforce survey</p> <p><b>Speaker:</b> Liza-Jane McBride</p> <p>11.55 Paediatric competencies of pre-registration physiotherapy programs in Australia</p> <p><b>Speaker:</b> Taryn Jones</p> <p>Room: Riverbank 6</p>	<p>engagement in exercise after discharge</p> <p><b>Speaker:</b> Chiara Naseri</p> <p>11.40 Active women over 50 randomised control trial</p> <p><b>Speaker:</b> Geraldine Wallbank</p> <p>11.55 From manpower to empower – family-assisted therapy in transition care: a qualitative study</p> <p><b>Speaker:</b> Katherine Lawler</p> <p>Room: E 2 &amp; 3</p>	<p>associated with headache and sensorimotor symptoms</p> <p><b>National Keynote Speaker:</b> Dr Julia Treleaven</p> <p>Room: Hall C &amp; D</p>	<p>what and when?</p> <p><b>Invited Speaker:</b> Karol Connors</p> <p>11.55 Profile of hospital admissions for adults with cerebral palsy: a cohort study</p> <p><b>Speaker:</b> Prue Morgan</p> <p>Room: Hall B</p>	<p>workers: a retrospective cohort study</p> <p><b>Speaker:</b> Michael Di Donato</p> <p>11.40 Predicting load carriage injury risk in recreational hikers</p> <p><b>Speaker:</b> Danny Maupin</p> <p>11.55 Predicting specialist tactical response police unit selection success using the urban rush, 2.4 km and 10km loaded carriage events</p> <p><b>Speaker:</b> Rhiannon Thomas</p> <p>Room: Panorama 2</p>	<p><b>National Keynote Speaker:</b> Verity Pacey</p> <p>11.55 Prognostic factors for pain and disability in children with persisting pain: a systematic review and meta-analysis</p> <p><b>Speaker:</b> Joshua Pate</p> <p>Room: Panorama 1</p>	<p><b>Invited Speaker:</b> Jane Rooney</p> <p>11.55 Transforming FIFA 11 into ACL prevention</p> <p><b>Invited Speaker:</b> Kate Beerworth</p> <p>Room: Hall A</p>	<p>dysfunction</p> <p><b>National Keynote Speaker:</b> Helena Frawley</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Speaker:</b> Joanne Connaughton</p> <p>11.40 How to - applied positive psychology for physiotherapists</p> <p><b>Speaker:</b> Rebekah Smith</p> <p>Room: City Room 3</p>	<p>Meagan Lamming</p> <p>Room: Riverbank 4</p>
--	---	---	---	--	--	--	--	---	---	--	--	--	--

12.10 – 1.10pm		Lunch													
1.15 – 2.00pm	<p><b>Acupuncture 3</b> Theme: Safety</p> <p>1.15 Launch of the new online National Safety Module</p> <p><b>Invited Speaker:</b> Leigh McCutcheon</p> <p>Room: City Room 2</p>	<p><b>Orthopaedic 3</b> Theme: Gluteal tendon reconstruction</p> <p>1.15 VISA-G, Harris hip score and oxford hip score: responsiveness and minimally important change in gluteal tendon reconstructive surgery patients</p> <p><b>Speaker:</b> Angie Fearon</p> <p>1.30 Biomechanical markers after gluteal tendon reconstruction: a comparison with age and sex matched controls</p> <p><b>Speaker:</b> Diana Perriman</p> <p>1.45 A complex relationship exists between gluteal tendon reconstruction outcomes, pain and comorbidities</p> <p><b>Speaker:</b> Angie Fearon</p> <p>Room: City Room 3</p>	<p><b>Animal 3</b> Theme: Water treadmill - dog, horse and human</p> <p>1.15 Advances in canine aquatic treadmill therapy</p> <p><b>Speaker:</b> Diane Messum,</p> <p>1.30 Implications for aquatic exercise for humans: the biomechanics of closed chain movement and walking in water</p> <p>Speaker: Carolyn Page</p> <p>1.45 The use of aquatic treadmills in equine athletes</p> <p><b>Speaker:</b> Emma Mathlin</p> <p>Room: Riverbank 4</p>	<p><b>Cardiorespiratory 3</b> Theme: Jill Nosworthy nominations for best paper 1</p> <p>1.15 The air test has the highest accuracy for predicting a post-operative pulmonary complication following abdominal surgery</p> <p><b>Speaker:</b> Claire Hackett</p> <p>1.30 Physical activity in inoperable lung cancer</p> <p><b>Speaker:</b> Lara Edbrooke</p> <p>1.45 Is step count a good indicator of sedentary behaviour in people with chronic obstructive pulmonary disease?</p> <p><b>Speaker:</b> Sonia Cheng</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Educators 3</b> Theme: Simulation A</p> <p>1.15 It's the ultimate observer role...you're feeling and seeing what's happening to you: physiotherapy students' experiences of peer simulation</p> <p><b>Speaker:</b> Shane Pritchard</p> <p>1.30 Simulation, stimulating anxiety: a pilot randomised trial</p> <p><b>Speaker:</b> Jane Chalmers</p> <p>1.45 Feedback provided to physiotherapy students by standardised patients: key stakeholder perspectives</p> <p><b>Speaker:</b> Allison Mandrusiak</p> <p>Room: Riverbank 6</p>	<p><b>Gerontology 3</b> Theme: Transitioning through health sectors</p> <p>1.15 Getting home and staying home: considering opportunities for hospitalised frail older adults to return home sooner while avoiding re-hospitalisation and new residential care admissions</p> <p><b>National Keynote Speaker:</b> Steven McPhail</p> <p>Room: E 2 &amp; 3</p>	<p><b>Musculoskeletal 3A</b> Theme: Inflammatory arthritis: Beyond joint pain and stiffness</p> <p>1.15 Navigating the workplace as a young person with inflammatory arthritis</p> <p><b>Speaker:</b> Danielle Berkovic</p> <p>1.30 Inflammatory arthritis is associated with impacts on intimate relationships and sexual function</p> <p><b>Speaker:</b> Laura Worthing</p> <p>1.45 Rheumatoid arthritis and the path to parenthood: opportunities for physiotherapists to address key information gaps</p> <p><b>Speaker:</b> Andrew Briggs</p> <p>Room: Hall B</p>	<p><b>Musculoskeletal 3B</b> Theme: Evidence informed clinical practice</p> <p>1.15 Tibialis posterior and hip muscle function in tibialis posterior tendinopathy: a cross sectional study</p> <p><b>Speaker:</b> Megan Ross</p> <p>1.30 Getting a grip on pain: does upper limb position affect pain-free grip force in individuals with lateral elbow tendinopathy?</p> <p><b>Speaker:</b> Nikki Cooke</p>	<p><b>Neurology 3A</b> Theme: Exercise and Parkinson's disease</p> <p>1.15 Poor sleep, anxiety, depression and increased physical activity are associated with increased pain in people with Parkinson's disease</p> <p><b>Speaker:</b> Natalie Allen</p> <p>1.30 Effects of exercise on arm and hand function in people with Parkinson's disease: a systematic review</p> <p><b>Speaker:</b> Libby Proud</p> <p>1.45 Home-based exercise improves mobility and balance in Parkinson's disease and is not inferior to centre-based exercise: a systematic review</p> <p><b>Speaker:</b> Allyson Flynn</p> <p>Room: Panorama 3</p>	<p><b>Neurology 3B</b> Theme: Neurological care</p> <p>1.15 PEDro searching to answer questions about the effects of neurological physiotherapy could be improved</p> <p><b>Speaker:</b> Anne Moseley</p> <p>1.30 Does upper limb use differ among people with different upper limb impairment levels early post-stroke?</p> <p><b>Speaker:</b> Lay Fong Chin</p> <p>1.45 Physiotherapists involved in the care of patients with</p>	<p><b>Occupational Health 3</b> Theme: Promotion and development</p> <p>1.15 "Selling not telling" ..... its relevant to OHP practice – working with employers &amp; workers</p> <p><b>Invited Speaker:</b> Anna Louise Bouvier</p> <p>1.45 Differences between novice and expert performance in defensive tactics employed by police officers</p> <p><b>Speaker:</b> Erica Schippers</p> <p>Room: Panorama 2</p>	<p><b>Paediatric / Pain 3</b> Theme: Promoting pain self-management</p> <p>1.15 Harnessing digital health technologies to promote pain self-management in young people</p> <p><b>International Keynote Speaker:</b> Jennifer Stinson</p> <p>1.40 Assessing psychological factors for psychologically-informed practice</p> <p><b>Invited Speaker:</b> Michael Nicholas</p> <p>Room: Hall A</p>	<p><b>Sports &amp; Exercise 3</b> Theme: Clinical rehab in sport season</p> <p>1.15 Transforming rehab in knee injury</p> <p><b>Invited Speaker:</b> Adam Culvenor</p> <p>1.45 The management of joint surface injuries in professional footballers</p> <p><b>Invited Speaker:</b> Michael Heynen</p> <p>Room: Hall C &amp; D</p>	<p><b>Women's, Men's Pelvic Health 3</b> Theme: Pelvic health</p> <p>1.15 Efficacy of app's and mobile technology particularly for pelvic floor health</p> <p><b>Speaker:</b> Jenny Kruger</p> <p>1.35 Another pathway for competency-based training in pelvic floor physiotherapy practice - through experiential learning, clinical mentorship and competency assessments</p> <p><b>Speaker:</b> Sheridan Guyatt</p> <p>1.50 Do patients discharged from the physiotherapy-led pelvic health clinic re-present?</p> <p><b>Speaker:</b> Jenny Nucifora</p> <p>1.55 Validity and reliability of clinical palpatory methods to assess diastasis recti of the abdominal muscles in post-natal women</p> <p><b>Speaker:</b> Deenika Benjamin</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>No nominated Group 3</b> Theme: Physical activity</p> <p>1.15 An incremental goal setting intervention to reduce sitting time in people with cardiovascular disease: feasibility and preliminary effectiveness</p> <p><b>Speaker:</b> Lucy Lewis</p> <p>1.30 Impact of high intensity interval training on incidental activity in adults with metabolic syndrome: a randomised controlled trial</p> <p><b>Speaker:</b> Sjaan Gomersall</p> <p>1.45 Integrated 24-hour time use rather than physical activity, sedentary time and sleep: associations with health outcomes in Australian children</p> <p><b>Speaker:</b> Dorothea Dumuid</p> <p>Room: Panorama 1</p>

							<p>1.35 Immediate effects of wrist and forearm orthoses on pain and function in individuals with Lateral Epicondylalgia: a systematic review</p> <p><b>Speaker:</b> Jemma Keeves</p> <p>Room: Hall E1</p> <p><b>Speaker:</b> Luke Heales</p> <p>1.40 Do VBI positional tests still have a role in assessment and how should they be interpreted?</p> <p><b>Speaker:</b> Lucy Thomas</p> <p>1.45 What is the effect of head movement on the internal carotid arteries? Implications for musculoskeletal practice</p> <p><b>Speaker:</b> Dominic Truong</p> <p>Room: Riverbank 5</p>	major neurological injury post-hospital discharge have trans-disciplinary roles						
2.05 – 2.50pm	<p><b>Orthopaedic 4</b> Theme: Post surgical rehabilitation</p> <p>2.05 Telerehabilitation versus traditional care following total hip replacement – a randomised controlled non-inferiority trial</p> <p><b>Speaker:</b> Mark Nelson</p> <p>2.20 Anterior cruciate ligament reconstruction surgery: hamstring versus quadriceps tendon autograft</p> <p><b>Speaker:</b> Peta Johnston</p> <p>2.35 Physical activity and sedentary behaviour six months after</p>	<p><b>Pain 4</b> Theme: Clinical pain research reports II</p> <p>2.05 The association between cervical sensorimotor control and chronic idiopathic neck pain: a six-month longitudinal study</p> <p><b>Speaker:</b> Rutger de Zoete</p> <p>2.20 Kinematic differences of the cervical and thoracic spine during functional movement in people with or without neck pain</p> <p><b>Speaker:</b> Ms Diana Moghaddas</p> <p>2.35 The central neurobiological</p>	<p><b>Animal 4</b> Theme: Arthritis</p> <p>2:05 Arthritis management drugs and nutritional approaches in dogs and cats</p> <p><b>Speaker:</b> Gail Anderson</p> <p>Room: Riverbank 4</p>	<p><b>Cardiorespiratory 4</b> Theme: Jill Nosworthy nominations for best paper 2</p> <p>2.05 Improving pulmonary rehabilitation completion with exercise and education modules: the PuReMod trial</p> <p><b>Speaker:</b> Renaee McNamara</p> <p>2.20 Does pulmonary rehabilitation aggravate or relieve pain in people with COPD and chronic pain?</p> <p><b>Speaker:</b> Annemarie Lee</p> <p>2.35 International consensus for chronic breathlessness</p>	<p><b>Educators 4</b> Theme: Managing complexities</p> <p>2.05 Stop avoiding difficult conversations – how to deal effectively with clients</p> <p><b>Speaker:</b> Jane Butler</p> <p>2.20 Supporting physiotherapists to build confidence for working with complex and deteriorating patients</p> <p><b>Speaker:</b> Alison Blunt</p> <p>2.35 Treating everyone the same is just not enough: LGBTIQ+ health literacy among physiotherapy</p>	<p><b>Gerontology 4</b> Theme: Discharge from hospital</p> <p>2.05 Pedometers in an inpatient rehabilitation population improve physical activity levels but not functional mobility</p> <p><b>Speaker:</b> Amy Atkins</p> <p>2.20 A systematic review of assessment tools and factors used to predict discharge from acute general medical wards</p> <p><b>Speaker:</b> Aruska D'Souza</p> <p>2.35 Acute general medicine: what factors are associated with discharge destination? An observational study</p>	<p><b>Musculoskeletal 4A</b> Theme: Interventions and outcome measures</p> <p>2.05 Does Dynamic Hip Tape® change knee valgus during running in healthy females?</p> <p><b>Speaker:</b> Sonia Coates</p> <p>2.10 Manual therapy increases ankle dorsiflexion: a pilot study</p> <p><b>Speaker:</b> Carolyn Taylor</p> <p>2.15 What is the effectiveness of non-pharmacological interventions for the management of individuals with persistent</p>	<p><b>Neurology 4A</b> Theme: Neuroplasticity</p> <p>2.05 Evidence for a window of enhanced neuroplastic capacity following ischaemic stroke</p> <p><b>Invited Speaker:</b> Brenton Hordacre</p> <p>2.30 An algorithm guiding clinical decision-making for transition of locomotor therapy between Lokomat® and body-weight supported treadmill training in subacute stroke</p> <p><b>Speaker:</b> Nicole Prideaux</p> <p>2.45 A systematic review of adherence to physical exercise</p>	<p><b>Occupational Health 4</b> Theme: Fitness for work</p> <p>2.05 To investigate relationships between upper-body and trunk fitness measures used in law enforcement agencies</p> <p><b>Speaker:</b> Jennifer Wooland</p> <p>2.20 Fitness assessments as predictors of performance in police occupational tasks</p> <p><b>Speaker:</b> Elisa Canetti</p> <p>2.35 The relationship between strength measures and task performance in specialist police</p>	<p><b>Paediatric 4</b> Theme: Physical activity and overweight/obesity</p> <p>2.05 Muscular fitness: it's time for a jump start! 2018 active healthy kids Australia report card on physical activity for children and young people</p> <p><b>Invited Speaker:</b> Natasha Schranz</p> <p>2.35 Girls with overweight or obesity have more difficulty with postural control, but only during challenging balance tasks</p> <p><b>Speaker:</b> Margarita Tsiros</p> <p>Room: Hall A</p>	<p><b>Sports &amp; Exercise 4</b> Theme: Clinical Rehab</p> <p>2.05 Patellofemoral pain, prognosis and predicting treatment effects: how do we know what to do to whom?</p> <p>National Keynote <b>Speaker:</b> Bill Vicenzino</p> <p>2.35 Group panel discussion</p> <p><b>Speaker:</b> Ewa Roos, Jane Rooney, Adam Culvenor, Bill Vicenzino,</p> <p>Room: Hall C &amp; D</p>	<p><b>Women's, Men's Pelvic Health 4</b> Theme: Nocturnal bladder dysfunction</p> <p>2.05 Nocturnal bladder dysfunction from paediatrics to geriatrics</p> <p><b>Invited Speaker:</b> Wendy Bower</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>No nominated Group 4</b> Theme: Enhancing patient/client participation</p> <p>2.05 "I didn't wait for them to say go": physical activity participation three to five years after major trauma</p> <p><b>Speaker:</b> Christina Ekegren</p> <p>2.20 The experiences of physiotherapy for individuals who identify as LGBTIQ+</p> <p><b>Speaker:</b> Megan Ross</p> <p>2.35 Physiotherapists' views on choosing wisely recommendations: a content analysis</p> <p><b>Speaker:</b></p>	

	<p>musculoskeletal trauma: what factors predict recovery?</p> <p><b>Speaker:</b> Christina Ekegren</p> <p>Room: City Room 3</p>	<p>effects of physical exercise in individuals with chronic musculoskeletal pain: a systematic review</p> <p><b>Speaker:</b> Rutger de Zoete</p> <p>Room: Panorama 3</p>		<p>explanations and research priorities: Delphi survey of expert health professionals</p> <p><b>Speaker:</b> Marie Williams</p> <p>Room: Riverbank 2 &amp; 3</p>	<p>students</p> <p><b>Speaker:</b> Megan Sharp</p> <p>Room: Riverbank 6</p>	<p><b>Speaker:</b> Aruska D'Souza</p> <p>Room: E 2 &amp; 3</p>	<p>acromioclavicular joint osteoarthritis? A systematic review</p> <p><b>Speaker:</b> Gerard Farrell</p> <p>2.20 Inter-rater reliability of an exercise adherence measurement tool: measurement of adherence via exercise demonstration (MOVED)</p> <p><b>Speaker:</b> Kerry Peek</p> <p>2.35 Evolution of anterior cruciate ligament rehabilitation model of care: comparison of service metrics and physiotherapist utilisation of evidence-based outcome measures</p> <p><b>Speaker:</b> Kirby Tuckerman</p> <p>Room: Riverbank 5</p>	<p>recommendations in people with stroke</p> <p><b>Speaker:</b> Tamina Levy</p> <p>Room: Panorama 3</p>	<p><b>Speaker:</b> Robin Orr</p> <p>Room: Panorama 2</p>				<p>Joshua Zadro</p> <p>Room: Panorama 1</p>
							<p>Musculoskeletal 4B</p> <p>Theme: Contemporary paradigms for chronic conditions</p> <p>2.05 Information processing potholes in people with persistent pain – is there space for smoothing the way?</p> <p><b>Invited Speaker:</b> Carolyn Berryman</p> <p>2.20 Scaling-up evidence into practice: investigating the system-wide spread of a complex intervention for osteoarthritis (escape-pain) in England</p>	<p>Neurology 4B</p> <p>Theme: Physical activity</p> <p>2.05 A program comprising serial casting, botulinum toxin, splinting and motor training is effective in managing severe contractures: randomised controlled trial</p> <p><b>Speaker:</b> Sarah Fereday</p> <p>2.20 Predicting the ability to walk independently after a stroke: external validation of prognostic models</p> <p><b>Speaker:</b> Peter Stubbs</p> <p>2.35 Prediction of independent</p>					

							<b>Speaker:</b> Andrew Walker  2.35 Stress and arthritis: a scoping review  <b>Speaker:</b> Sarah Schwetlik  Room: Hall B	walking in people who are non- ambulatory early after stroke: a systematic review  <b>Speaker:</b> Elisabeth Preston  Room: Hall E1					
2.50 – 3.20pm	Afternoon Tea												
3.25 – 4.25pm	<b>Mini Keynote 1</b> Fighting social injustice: stories from the front lines of physiotherapy practice Invited Speakers: Katia Ferrar, Matthew Beard  Room: Hall A			<b>Mini Keynote 2</b> Demystifying musculoskeletal pain management: expert panel case analysis from diagnostic, psychosocial and occupational perspectives Speakers: Tim Mitchell, Anne Daly, David Elvish Moderator: Tim Austin  Room: Hall C & D				<b>Mini Keynote 3</b> The Indigenous Marathon Project Speakers: TBC  Room: Hall B			<b>Mini Keynote 4</b> Is putting yourself first critical for the profession? Speakers: Helen Stallman, Georgie Davidson  Room: E2 & 3		
4.30 – 5.30pm	<b>Plenary 2</b> Health, physiotherapy, the future and you Presenters: Melissa Locke, Jane Fisher, Gill Webb, Ryan Ebert  Room: Hall C & D												
5.45 – 7.45pm	Welcome Reception Exhibition Hall												

7.30am														
Registration														
Breakfast														
7.00 - 8.15am	<p><b>Neurology/Disability</b></p> <p>Navigating the NDIS maze for adults with neurological disability</p> <p><b>Presenter:</b> Kerry Evans, Kate Phillips, Julianne Locke</p> <p>Room: Riverbank 5</p>	<p><b>Acupuncture &amp; Dry Needling</b></p> <p>What are you needing? Anatomy exposed</p> <p><b>Presenter:</b> Doug Cary</p> <p>Room: Riverbank 4</p>	<p><b>Gerontology</b></p> <p>Residential aged care and physiotherapy approaches</p> <p><b>Panel:</b> Rik Dawson, Vanessa Jessup, Scott Lynch</p> <p>Room: City Room 2</p>	<p><b>Cardiorespiratory</b></p> <p>Breathlessness and pain: exploring complex symptoms in chronic respiratory disease</p> <p><b>Presenters:</b> Marie Williams, Annemarie Lee</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Sports and Exercise</b></p> <p>On two wheels</p> <p><b>Presenters:</b> Daniel Clark, Bridget Sawyer</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Occupational Health</b></p> <p>Psychosocial risk factors and safety culture</p> <p><b>Presenter:</b> Peter Pollnitz</p> <p>Room: Panorama 1</p>	<p><b>Paediatric / Pain</b></p> <p>Ongoing assessment of a child with persisting pain – who, what and how. A multidisciplinary perspective</p> <p><b>Presenters:</b> Verity Pacey, Vance Locke</p> <p>Room: Panorama 2</p>	<p><b>Educators</b></p> <p>Building mental fitness in tertiary students...fit bodies, fit minds</p> <p><b>Presenter:</b> Gareth Furber</p> <p>Room: Riverbank 6</p>	<p><b>Women's, Men's Pelvic Health</b></p> <p>Gait and continence in the high functioning older woman</p> <p><b>Presenter:</b> Chantale Dumoulin</p> <p>Room: Panorama 3</p>					
8.30 – 10.00am	<p>Plenary 3</p> <p>Honoured Member Awards</p> <p>Physio pitchfest – the PRF supporting innovation with James O’Loughlin Keynote speaker: James O’Loughlin</p> <p>Room: Halls C &amp; D</p>													
10.00 – 10.30am	Morning Tea													
10.35AM – 11.35AM	<p><b>Acupuncture 5</b></p> <p>Theme: Needling &amp; laser acupuncture</p> <p>10.35 International needling trends - should we follow?</p> <p><b>Invited Speaker:</b> Leigh McCutcheon</p> <p>11.00 Laser acupuncture (PBM) in the management of CRPS</p> <p><b>Invited Speaker:</b> Euahna Varigos</p> <p>Room: City Room 2</p>	<p><b>Musculoskeletal / Pain 5</b></p> <p>Theme: Transforming pain treatments with high-value care and pain science education</p> <p>10.35 Extending 11 recommendations for musculoskeletal pain care: opportunities and challenges</p> <p><b>Invited Speaker:</b> Dr Ivan Lin</p> <p>11.00 Two decades of pain science education: failures, opportunities and the pain revolution</p> <p><b>Invited Speaker:</b> Lorimer Moseley</p> <p>11.25 Q&amp;A</p> <p>Room: Hall C &amp; D</p>	<p><b>Disability 5</b></p> <p>Theme: Supporting people with disability</p> <p>10:35 The lived experience of providing allied health services under the national disability insurance scheme in a rural area</p> <p><b>Speaker:</b> Luke Wakely</p> <p>10:55 Optimising functional mobility in young adults with cerebral palsy</p> <p><b>Speaker:</b> Prue Morgan</p> <p>Room: Panorama 3</p>	<p><b>Cardiorespiratory 5</b></p> <p>Theme: Lung cancer and surgery</p> <p>10.35 Physiotherapy management of lung cancer</p> <p><b>Speaker:</b> Catherine Granger</p> <p>11.10 Non-invasive positive airway pressure therapy to reduce postoperative lung complications following upper abdominal surgery (nipper-plus): a pilot RCT</p> <p><b>Speaker:</b> Jane Lockstone</p> <p>11.25 Bronchoscopic lung volume reduction with endobronchial valve treatment: systematic review of outcome measures</p> <p><b>Speaker:</b> Marie Williams</p> <p>Room: E 2 &amp; 3</p>	<p><b>Animal 5</b></p> <p>Theme: Equine and rider</p> <p>10:35 The interaction of saddle, horse and rider</p> <p><b>Speaker:</b> Kathryn Sullivan-Butt</p> <p>Room: City Room 3</p>	<p><b>Gerontology 5</b></p> <p>Theme: Frailty</p> <p>Physiotherapy approaches in medically-complex and frail: resetting our perspective</p> <p><b>International Keynote Speaker:</b> Jennifer Bottomley</p> <p>Room: Hall B</p>	<p><b>Neurology 5</b></p> <p>Theme: Functional neurological disorders</p> <p>10.30 Functional neurological disorders</p> <p><b>National Keynote Speaker:</b> Professor Richard Kanaan</p> <p>Room: Hall A</p>	<p><b>Occupational Health 5</b></p> <p>Theme: Risk management</p> <p>10.35 A participative hazard identification and risk management (APHIRM) toolkit: using evidence to reduce musculoskeletal disorders</p> <p><b>Invited Speaker:</b> Jodi Oakman</p> <p>11.05 Implementation of a participative hazard identification and risk management toolkit: a pilot study in mining</p> <p><b>Speaker:</b> Bronwen Otto</p> <p>11.20 Establishing a military-specific injury pyramid to inform injury risk management</p> <p><b>Speaker:</b> Rodney Pope</p> <p>Room: E 1</p>	<p><b>Paediatric 5</b></p> <p>Theme: Rehabilitation</p> <p>10.35 Robotic technologies in paediatric rehabilitation – evidence, controversies and clinical application</p> <p><b>Invited Speaker:</b> Ray Russo</p> <p>11.05 The effects of serial casting on lower limb function for children with cerebral palsy: a systematic review with meta-analysis</p> <p><b>Speaker:</b> Nikki Milne</p> <p>11.20 Sports stars: a practitioner-led, group-based sports intervention in the community improves sports activity capacity in ambulant children with cerebral palsy</p> <p><b>Speaker:</b> Georgina Clutterbuck</p>	<p><b>Sports &amp; Exercise 5</b></p> <p>Theme: Monitoring the Athlete Through Career</p> <p>10.35 Systems and strategies for improving athlete availability and health in elite triathletes</p> <p><b>Invited Speaker:</b> Paula Charlton</p> <p>11.05 How does completing an ironman triathlon affect postural control?</p> <p><b>Speaker:</b> Hugo De Amorim</p> <p>11.20 Ultrasound imaging determined muscle atrophy is present in plantar heel pain that persists beyond 2 years: a cross-sectional study</p> <p><b>Speaker:</b> Melinda Smith</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Women's, Men's Pelvic Health 5</b></p> <p>Theme: Exercise and the pelvic floor 1</p> <p>10.35 The utility of the vaginal pressure profile in relation to pop, pf muscle activation and general exercise</p> <p><b>Invited Speaker:</b> Jenny Kruger</p> <p>11.05 Pelvic organ prolapse symptoms in women who lift heavy weights for exercise: a cross-sectional survey</p> <p><b>Speaker:</b> Lori Forner</p> <p>11.20 Measurement of vaginal and intra-abdominal pressures during exercise using an intra-vaginal pressure device</p> <p><b>Speaker:</b> Marg Sherburn</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Aquatic 5</b></p> <p>Theme: Aquatic physiotherapy for pain and musculoskeletal injury</p> <p>10.35 Shoulder pain and aquatic physiotherapy: comparing land versus water-based management</p> <p><b>National Invited Speaker:</b> Dr Sally Hess</p> <p>Room: Panorama 1</p>	<p><b>Educators 5</b></p> <p>Theme: Health Workforce</p> <p>10.35 Educational strategies to heighten learning and soften transitions in the workforce</p> <p><b>Invited Speaker:</b> Elizabeth Malloy</p> <p>11.20 Insights into indigenous cultural capability journeys for physiotherapy students: navigation, socialisation and reframing the meaning of success</p> <p><b>Speaker:</b> Kay Skinner</p> <p>Room: Riverbank 5</p>	

									Room: Riverbank 6					
11.40am – 12.40pm	<p><b>Acupuncture 6</b> Theme: Acupuncture and dry needling</p> <p>11.40 Exploring the effect of acupuncture on the pain inhibition system via conditioned pain modulation (CPM) paradigm in healthy controls: a sub-study of the ACUENDO trial</p> <p><b>Invited Speaker:</b> Kanny Chow</p> <p>12.10 Dry needling research: it might make you twitchy</p> <p><b>Speaker:</b> Felicity Braithwaite</p> <p>12.25 Laser acupuncture (PBM) in the perioperative management of surgery</p> <p><b>Invited Speaker:</b> Euahna Varigos</p> <p>Room: City Room 2</p>	<p><b>Pain 6</b> Theme: Engagement with pain</p> <p>11.40 How to engage hundreds of thousands of people in learning about pain: the ‘what’, ‘why’, and ‘how’</p> <p><b>Speaker:</b> Joshua Pate</p> <p>11.55 Patients presenting to ED for chronic pain: a mixed methods study of factors influencing their ability to implement management strategies</p> <p><b>Speaker:</b> Bernadette Brady</p> <p>12.10 Cultural differences in pain-related beliefs, coping, and catastrophizing in chronic pain: a systematic review</p> <p><b>Speaker:</b> Suarab Sharma</p> <p>12.25 My back is fragile and it is never getting better</p> <p><b>Speaker:</b> Mervyn Travers</p> <p>Room: Riverbank 4</p>	<p><b>Disability 6</b> Theme: NDIS registration</p> <p>11:40 Pearls and pitfalls. A private practice journey towards NDIS registration</p> <p><b>Invited Speaker:</b> Julienne Locke</p> <p>12:20 Panel discussion - NDIS registration</p> <p>Mediated by Phil Calvert</p> <p><b>Speakers:</b> Julienne Locke, Alison Chung and John Drysdale</p> <p>Room: Panorama 3</p>	<p><b>Cardiorespiratory 6</b> Theme: Panel: Showcase of exemplary careers</p> <p>11.40 A global contribution to physiotherapy: passion, problems and perseverance</p> <p><b>International Keynote Speaker:</b> Rik Gosselink</p> <p>11.55 Physiotherapy in the media; perspectives from the ABC top 5</p> <p><b>National Keynote Speaker:</b> Catherine Granger</p> <p>12.10 Cardiorespiratory physiotherapy research and practice overseas, is it worth it?</p> <p><b>Invited Speaker:</b> Christian Osadnik</p> <p>12.25 Facilitated discussion and audience questions</p> <p>Facilitator: Jenny Alison</p> <p>Room: E 2 &amp; 3</p>	<p><b>Animal 6</b> Theme: Small animal</p> <p>11:40 Practical neuromuscular electrical stimulation of small animals</p> <p><b>Speaker:</b> Helen Nicholson</p> <p>12:10 Brace yourself: pelvic limb orthoses in canine practice</p> <p><b>International Keynote Speaker:</b> Diane Messum</p> <p>Room: City Room 3</p>	<p><b>Gerontology 6</b> Theme: Physical activity in residential and hospital settings</p> <p>11.40 How to promote physical activity for older adults in institutional settings</p> <p><b>Speaker:</b> Elizabeth Lynch</p> <p>12.10 The use of physiotherapy in residential aged care facilities internationally: a systematic review</p> <p><b>Speaker:</b> Lindsey Brett</p> <p>12.25 Factors which influenced the response to hospital-based rehabilitation to improve walking in older adults</p> <p><b>Speaker:</b> Catherine Said</p> <p>Room: Hall B</p>	<p><b>Musculoskeletal 6</b> Theme: Diagnosis: getting the balance right</p> <p>11.40am Over diagnosis of low back pain</p> <p><b>Invited Speaker:</b> Adrian Traeger</p> <p>12.10 Loading, tendons and pink flags</p> <p><b>Invited Speaker:</b> Ebonie Rio</p> <p>Room: Hall C &amp; D</p>	<p><b>Neurology 6A</b> Theme: Neurology general</p> <p>11.40 Are exercise logbooks accurate? A comparison of device and participant recorded exercise records in people with Parkinson’s disease</p> <p><b>Speaker:</b> Natalie Allen</p> <p>11.55 The reproducibility and responsiveness of subjective assessment of upper-limb associated reactions in people with acquired brain injury during walking</p> <p><b>Speaker:</b> Michelle Kahn</p> <p>12.10 Is step count an accurate indicator of intensity of physical activity in people with Parkinson’s disease?</p> <p><b>Speaker:</b> Melissa Elliot</p> <p>12.25 Improving the selection of patients for surgery with idiopathic normal pressure hydrocephalus by using MCIDS of clinical measures</p> <p><b>Speaker:</b> Ryan Gallagher</p> <p>12.30 Activation of motor-related neural substrates in mirror-induced visual illusion: an activation likelihood estimation meta-analysis</p> <p><b>Speaker:</b> Umar Bello</p> <p>12.35 Patient perspectives of group upper limb therapy for people</p>	<p><b>Occupational Health 6</b> Theme: Occupational rehabilitation and return to work</p> <p>11.40 Lifting with a round-back is safe. A case study that challenges ergonomic beliefs</p> <p><b>Invited Speaker:</b> Peter Roberts</p> <p>12.10 Aerobic conditioning is important, but anaerobic conditioning is crucial for police occupational task performance</p> <p><b>Speaker:</b> Dr Elisa Canetti</p> <p>12.25 PPSC + OHPA members meeting</p> <p>Room: E 1</p>	<p><b>Paediatric 6</b> Theme: Orthopaedics A</p> <p>11.40 How can physiotherapists help with prevention, detection and management of developmental dysplasia of the hip?</p> <p><b>Speaker:</b> Nicole Williams</p> <p>12.10 The lived experience of parenting a child with hip dysplasia: in-depth knowledge can transform the parenting experience</p> <p><b>Speaker:</b> Pollyanna Easey</p> <p>12.25 Interventions for congenital talipes equinovarus – a Cochrane systematic review</p> <p><b>Speaker:</b> Kelly Gray</p> <p>Room: Riverbank 6</p>	<p><b>Sports &amp; Exercise 6</b> Theme: Transforming exercise practice</p> <p>11.40 Can we rely on a teleconference when assessing calf raise exercise fidelity? A validity and reliability study</p> <p><b>Speaker:</b> Fatmah Hasani</p> <p>12.00 Appearance-based or health-based message framing: what motivates physical activity participation?</p> <p><b>Speaker:</b> Melissa Saken</p> <p>12.20 The effects of message framing characteristics on physical activity education: a systematic review</p> <p><b>Speaker:</b> Jayde Williams</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Women’s, Men’s Pelvic Health 6</b> Theme: Exercise and the pelvic floor 2</p> <p>11.40 Pelvic floor disorders and the exercising woman</p> <p><b>National Keynote Speaker:</b> Helena Frawley</p> <p>12.10 Pelvic floor disorders as a barrier to exercise: are women seeking help?</p> <p><b>Speaker:</b> Jodie Dakic</p> <p>12.20 Pelvic floor muscle function and pelvic organ prolapse in Nepali women</p> <p><b>Speaker:</b> Delena Caagbay</p> <p>12.30 Discussion &amp; Questions</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Aquatic 6</b> Theme: Aquatic physiotherapy for pain and musculoskeletal injury.</p> <p>11:40 Overcoming pain related fear of movement: theory and practical applications for the aquatic physiotherapist</p> <p><b>Invited Speaker:</b> Anne Daly</p> <p>12:10 Aquatic rehabilitation of musculoskeletal injuries: from low load to high performance</p> <p><b>Invited Speaker:</b> David Spurrer</p> <p>Room: Panorama 1</p>	<p><b>Educators 6</b> Theme: EBP and clinical behaviour</p> <p>11.40 Practical strategies for the clinician in the application of an evidence-based practice approach</p> <p><b>Speaker:</b> Maureen McEvoy</p> <p>11.55 Evidence-based practice among physiotherapists: knowledge, skills and barriers</p> <p><b>Speaker:</b> Leora Harrison</p> <p>12.10 Attributes of clinicians that foster patient uptake of recommended health services and management strategies for musculoskeletal disorders</p> <p><b>Speaker:</b> Shaun O’Leary</p> <p>12.25 Direct supervision of physiotherapists improves compliance with clinical practice guidelines and outcomes for patients with hip fracture</p> <p><b>Speaker:</b> David Snowdon</p> <p>Room: Riverbank 5</p>

								<p>with mild, moderate and severe stroke-affected upper limbs</p> <p><b>Speaker:</b> Jo Howie</p> <p>Room: Panorama 2</p> <p><b>Neurology 6B</b> Theme: Strength + conditioning</p> <p>11.40 Ballistic resistance training -feasibility, safety and effectiveness for improving power and mobility in adults with neurological conditions: a systematic review</p> <p><b>Speaker:</b> Thomas Cordner</p> <p>11.55 Changes in resistance exercise prescription with clinically-based education</p> <p><b>Speaker:</b> Gavin Williams</p> <p>12.10 Strength training to improve walking after stroke: how therapist, patient and workplace factors influence exercise prescription</p> <p><b>Speaker:</b> Genevieve Hendrey</p> <p>12.25 Reliability, validity and smallest real difference of the ankle lunge test for measurement of dorsiflexion following stroke</p> <p><b>Speaker:</b> Janine Simondson</p> <p>Room: Hall A</p>					
12.40 – 1.40pm	<p>Lunch 1.00– 1.30: College Members Meeting</p>												
1.45 – 2.45pm	<p>Mini Keynote 5</p> <p>Advancing the conversation: empowering physiotherapists to provide accessible and equitable care for diverse groups of people Speakers: David Kelly, Jenny Setchell</p>			<p>Mini Keynote 6</p> <p>Live on stage: Behaviour change consultations for physical activity promotion Speakers: Peter Hallett, Amy Dennett, Jeannie Burnett Convenor: Christina Ekegren</p>			<p>Mini Keynote 7</p> <p>How can we bridge the gap between what we know and what we do in clinical practice? Speakers: Ewa Roos, Christian Barton, JP Caneiro, Andrew Briggs</p>			<p>Mini Keynote 8</p> <p>Be inspired by physiotherapists who have juggled, journeyed and striven to transform their careers Speakers: Amanda Mulcahy, Joanne Connaughton, Lisa Zorzi, Alison Chung</p>			

	Room: Hall A	Room: Hall C & D	Room: Hall B	Room: E 2 & 3			
2.45 – 3.15pm	Afternoon Tea						
3.20 – 4.05pm	<p><b>Emergency Department 7</b> Theme: Advanced musculoskeletal physiotherapists: career pathway current and future</p> <p>3.20 Managing healthcare complexity: the contribution and infrastructure for advanced practice physiotherapy in the United Kingdom</p> <p><b>International Keynote Speaker:</b> Grant Syme</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>No nominated Group 7</b> Theme: Reducing sedentary behaviour in hospital settings</p> <p>3.20 Sitting less and moving more during acute hospitalisation: a scoping review of interventions</p> <p><b>Speaker:</b> Claire Baldwin</p> <p>3.35 Factors identified by people with stroke as contributing to sedentary behaviour during hospital rehabilitation</p> <p><b>Speaker:</b> Dawn Simpson</p> <p>3.50 Local solutions for local problems: implementing a global sedentary behaviour intervention in a local setting</p> <p><b>Speaker:</b> Christina Ekegren</p> <p>Room: E 2 &amp; 3</p>	<p><b>Cardiorespiratory 7A</b> Theme: Exercise and pulmonary hypertension</p> <p>3.20 The pathophysiology of pulmonary hypertension: why might exercise be an issue?</p> <p><b>Speaker:</b> Norman Morris</p> <p>3.35 Exercise training in pulmonary hypertension: where are we up to?</p> <p><b>Speaker:</b> Robin Fowler</p> <p>3.50 Exercise prescription in pulmonary hypertension: what are we up to?</p> <p><b>Speaker:</b> Helen Seale</p> <p>Room: Panorama 1</p>	<p><b>Gerontology 7</b> Theme: Exercise</p> <p>Physical activity for older adults: evidence update</p> <p><b>Invited Speaker:</b> Cathie Sherrington</p> <p>Room: Hall A</p>			
	<p><b>Occupational Health 7</b> Theme: Professional issues</p> <p>3.20 The ageing workforce – challenges and interventions</p> <p><b>Invited Speaker:</b> Paul Rothmore</p> <p>3.35 Evidence based practice in occupational health and safety – is it time to explore a new model?</p> <p><b>Invited Speaker:</b> Steve Milanese</p> <p>Room: Hall B</p>	<p><b>Musculoskeletal 7A</b> Theme: Physical activity and health care access</p> <p>3.20 Physical activity in outside school hours care: an observational study</p> <p><b>Speaker:</b> Rosa Virgara</p> <p>3.35 Physical activity and sleep in patients with the hypermobile Ehlers-Danlos syndrome and hypermobility spectrum disorder</p> <p><b>Speaker:</b> Marie Coussens</p> <p>3.50 The rapid access musculoskeletal care project</p> <p><b>Speaker:</b> Carolyn Page</p> <p>3.55 Twelve-month results from the back pain assessment clinic (bac) prospective cohort study</p> <p><b>Speaker:</b> Adam De Gruchy</p> <p>Room: E 1</p>	<p><b>Neurology 7A</b> Theme: Stroke and acquired brain injury</p> <p>3.20 Improving outcomes for upper limb in severe stroke: the efficacy of rehabilitation interventions based on the Bobath concept</p> <p><b>Speaker:</b> Janine Simondson</p> <p>3.35 What is the experience, and personal significance, of severe mobility impairment for adults with acquired brain injury?</p> <p><b>Speaker:</b> Simon Mills</p> <p>3.50 Dignity of risk for people living with acquired brain injury</p> <p><b>Speaker:</b> Shylie Mackintosh</p> <p>Room: Riverbank 5</p>	<p><b>Paediatric 7</b> Theme: Cerebral palsy</p> <p>3.20 Evidence-based management of dyskinesia in cerebral palsy: where are we now and where are we heading?</p> <p><b>Speaker:</b> Adrienne Harvey</p> <p>3.50 Sports stars: parents and physiotherapists prefer practitioner-led sports groups for ambulant, school-aged children with cerebral palsy with sports focussed goals</p> <p><b>Speaker:</b> Georgina Clutterbuck</p> <p>Room: City Room 2</p>			
		<p><b>Cardiorespiratory 7B</b> Theme: ICU, post-intensive care syndrome (PICS)</p> <p>3.20 Physiotherapy "icu outreach" is feasible, has high staff satisfaction and may reduce intensive care readmissions of respiratory cause</p> <p><b>Speaker:</b> Alison Blunt</p> <p>3.35 What are the challenges post hospitalisation for ICU patients living in the community setting? A qualitative study</p>	<p><b>Musculoskeletal 7B</b> Theme: Work and RTA focussed care</p> <p>4.10 Strategies to integrate work-focused care into musculoskeletal physiotherapy practice</p> <p><b>Speaker:</b> Venerina Johnston</p> <p>4.25 Guideline based care for the management of workers compensation clients: implementation for musculoskeletal physiotherapists</p> <p><b>Speaker:</b></p>	<p><b>Neurology 7B</b> Theme: Physical activity</p> <p>3.20 Self-reported physical activity and the impact of exercise on symptoms in people living with dystonia</p> <p><b>Speaker:</b> Alana McCambridge</p> <p>3.35 Changes in performance scores following a tap test predict improvement after surgery for idiopathic normal pressure hydrocephalus</p> <p><b>Speaker:</b></p>	<p><b>Sports &amp; Exercise 7</b> Theme: Hot topics</p> <p>3.20 Differences in running gait variability between individuals with and without musculoskeletal injury: a systematic review</p> <p><b>Speaker:</b> Sarah Blyton</p> <p>3.25 Oculomotor, vestibular and cervical screening in elite cricketers</p> <p><b>Speaker:</b> Ned Coleman</p> <p>3.30 Does the FITBIT FLEX™ provide a reliable and feasible method of monitoring physical activity progression?</p> <p><b>Speaker:</b> Denise Jones</p> <p>3.35 Serratus anterior activation is not increased by the addition of real-time ultrasound feedback in symptomatic adults: a randomised cross-over trial</p> <p><b>Speaker:</b> Leanda McKenna</p> <p>3.40 Why risk it? A pilot study on athletes return to sport decisions following concussion injuries and the influence of education</p> <p><b>Speaker:</b> Victoria Waterworth</p> <p>3.45 Discussions and questions</p> <p>Room: Panorama 3</p>	<p><b>Women's, Men's Pelvic Health/Acupuncture 7</b> Theme: Acupuncture and women's health</p> <p>3.20 Effectiveness and safety of acupuncture in the treatment of pregnancy related low back pain</p> <p><b>International Keynote Speaker:</b> Panos Barlas</p> <p>3.40 Functional anatomy around the pelvic girdle and a brief summary of how pelvic health physio may treat this problem</p> <p><b>Invited Speaker:</b> Angela James</p> <p>Room: Hall C &amp; D</p>	<p><b>Cancer 7</b> Theme: Breast cancer and chronic oedema</p> <p>3.20 Breast support after breast cancer surgery: the role of physiotherapy</p> <p><b>Invited Speaker:</b> Deirdre McGhee</p> <p>3.50 Keeping the pressure on: does compression therapy prevent cellulitis? Results of a randomised controlled trial</p> <p><b>Speaker:</b> Elizabeth Webb</p> <p>Room: Riverbank 4</p>

				<p><b>Speaker:</b> Jane Larkin</p> <p>3.50 Are ICU patients susceptible to poor recovery outcomes including physical inactivity and heightened community falls risk? Multi-site international observational study</p> <p><b>Speaker:</b> Selina Parry</p> <p>Room: Panorama 2</p>			<p>Darren Beales</p> <p>4.40 The OREBRO musculoskeletal pain questionnaire (SF-OMPSQ) stratifies well for risk of non-recovery in musculoskeletal injures after road traffic accidents (RTA)</p> <p><b>Speaker:</b> Trudy Rebbeck</p> <p>Room: Riverbank 2 &amp; 3</p>	<p>Ryan Gallagher</p> <p>3.50 Identifying biophysical markers that predict perceived walking, balance and physical quality of life in people with multiple sclerosis</p> <p><b>Speaker:</b> Katrina Williams</p> <p>Room: Riverbank 6</p>						
4.10 – 4.55pm	<p><b>Emergency Department 8</b> Theme: Advanced musculoskeletal physiotherapists: career pathway current and future</p> <p>4.10 Elements of a common early career pathway toward advanced musculoskeletal physiotherapy roles</p> <p><b>Speaker:</b> Louise Wellington.</p> <p>4.20 National recognition of advanced musculoskeletal physiotherapists</p> <p><b>Speaker:</b> Katie Vine</p> <p>4:30 Career pathway for physiotherapists: a role for the Australian College of Physiotherapist in professional endorsements</p> <p><b>Speaker:</b> Darren Beales</p> <p>4:45 Panel Q&amp;A advanced practice</p> <p><b>Speakers:</b> Grant Syme, Louise Wellington, Katie Vine, Darren Beales</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>No nominated Group 8</b> Theme: Managing complexity</p> <p>4.10 Simulation provides a more robust, efficient and timely model for assessment of physiotherapy competency</p> <p><b>Speaker:</b> Penny Moss</p> <p>4.25 Development of a viable process for writing validated case scenarios for simulation-based assessment of competency to practice</p> <p><b>Speaker:</b> Penny Moss</p> <p>4.40 What impact do chronic disease self-management support interventions have on health inequity gaps related to socioeconomic status?</p> <p><b>Speaker:</b> Ruth Hardman</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Gerontology 8</b> Theme: Rehabilitation</p> <p>4.10 Managing multi-morbidity in rehabilitation: a thematic analysis</p> <p><b>Speaker:</b> Taree Gibson</p> <p>4.25 Feasibility of recumbent bike riding in people with fractured hip: a pilot randomized controlled trial</p> <p><b>Speaker:</b> Catherine Said</p> <p>Room: Hall A</p>	<p><b>Cardiorespiratory 8A</b> Theme: Complex chronic conditions in primary care</p> <p>4.10 Australian airway clearance services for adults with chronic lung conditions: scoping review of web-based sites</p> <p><b>Speaker:</b> Laura Cooper</p> <p>4.25 Innovative health professional partnerships in primary care for chronic obstructive pulmonary disease</p> <p><b>Speaker:</b> Lisa Pagano</p> <p>4.40 Correlation between perceived sputum expectoration and measured wet weight of sputum</p> <p><b>Speaker:</b> Mary Santos</p> <p>4.48 Challenging conversations about exercise and phlegm with adults diagnosed with motor neuron disease</p> <p><b>Speaker:</b> Lili Tang</p> <p>Room: Panorama 1</p>	<p><b>Occupational Health 8</b> Theme: Innovation in ergonomics</p> <p>4.10 How will exoskeletons transform the nature of work? Will they become the musculoskeletal PPE of the future?</p> <p><b>Speaker:</b> Jenny Legge</p> <p>4.40 Firefighters and their occupational loads</p> <p><b>Speaker:</b> Robin Orr</p> <p>Room: Hall B</p>	<p><b>Paediatric 8</b> Theme: Service provision</p> <p>4.10 How to navigate the national disability insurance scheme: how to guide and support the paediatric patient</p> <p><b>Speaker:</b> Kristy Nicola</p> <p>4.40 Paediatric physiotherapy services across Australia, new Zealand and the United Kingdom</p> <p><b>Speaker:</b> Cherie Zischke</p> <p>Room: City Room 2</p>	<p><b>Musculoskeletal 8A</b> Theme: "How to": strength training</p> <p>4.10 Just lift it.... Demystifying strength training for physiotherapists</p> <p><b>Speaker:</b> Mervyn Travers</p> <p>Room: E 1</p>	<p><b>Neurology 8A</b> Theme: Stroke &amp; physical activity</p> <p>4.10 Predicting physical activity intensity using walking cadence in people with stroke</p> <p><b>Speaker:</b> Niruthikha Mahendran</p> <p>4.25 Exercise programs that adhere to guidelines improve mobility after stroke: a systematic review and meta-analysis</p> <p><b>Speaker:</b> Dina Pogrebnoy</p> <p>4.40 Independent physiotherapy gym use in a neurological rehabilitation population: uptake and perceptions of the My gym program</p> <p><b>Speaker:</b> Andrea Grima</p> <p>4.45 Activity levels of patients during therapy and non-therapy time during inpatient rehabilitation: a scoping review</p> <p><b>Speaker:</b> Joel Kittel</p> <p>4.50 HI (high-intensity interval)-speed' cycling program to</p>	<p><b>Sports &amp; Exercise 8</b> Theme: Risk and injury management in sport</p> <p>4.10 Risk of hip arthroplasty is tripled after sports-related hip or thigh injury</p> <p><b>Speaker:</b> Ilana Ackerman</p> <p>4.40 Platelet rich plasma injection is effective for tendinopathy – what happens when you remove the active controls?</p> <p><b>Speaker:</b> Mervyn Travers</p> <p>Room: Panorama 3</p>	<p><b>Women's, Men's Pelvic Health 8</b> Theme: Mens' health</p> <p>4.10 Peyronie's disease and the role of therapeutic ultrasound as a non-invasive physiotherapy treatment option: a randomized controlled trial</p> <p><b>Invited Speaker:</b> Joanne Milios</p> <p>4.40 What is the role of physical activity in penile rehabilitation post-prostatectomy?</p> <p><b>Speaker:</b> Thomas Harris</p> <p>4.45 Effectiveness of physiotherapy treatments for sexual dysfunction in men after prostatectomy: a systematic review and meta-analysis</p> <p><b>Speaker:</b> Priya Kannan</p> <p>4.50 What are we teaching the next generation of physiotherapists about men's health in Australia?</p> <p><b>Speaker:</b> Kerstin McPherson</p> <p>Room: Hall C &amp; D</p>	<p><b>Cancer 8</b> Theme: Exercise and physical activity transition for people with cancer</p> <p>4.10 A text message-enhanced clinical exercise rehabilitation intervention for increasing 'whole-of-day' activity in people living with and beyond cancer</p> <p><b>Invited Speaker:</b> Dr Sjaan Gomersall</p> <p>4.25 Identifying reasons for non-attendance in an acute inpatient oncology exercise class</p> <p><b>Speaker:</b> Sharni Quinn</p> <p>4.40 People with cancer perceive a benefit from exercising with physiotherapists, but want more support to transition back to the community</p> <p><b>Speaker:</b> Alessia Ferri</p> <p>4.45 Exercise-based, multidisciplinary cancer rehabilitation programs: a systematic review and meta-analysis</p> <p><b>Speaker:</b> Amy Dennett</p> <p>Room: Riverbank 4</p>			

							<p>4.25 Cervical spine musculoskeletal impairments in subacute mild traumatic brain injury: not routinely identified by symptom reporting or neck disability</p> <p><b>Speaker:</b> Olivia Galea</p> <p>4.40 Defining recovery in chronic whiplash: a qualitative study</p> <p><b>Speaker:</b> Alexandra Griffin</p> <p>Room: City Room 2</p>	Room: Riverbank 6						
5.00 – 6.00pm	<p>Australian College of Physiotherapy Career Pathway Information Session</p> <p>Room: Riverbank 4</p>													

7.30	Registration										
8.30 – 10.00am	Plenary 4 8.30 JoP Oration: Research stories: looking beyond what is written in the scientific paper Speaker: Chris Maher 9.00 AI, evolving technology & human experience Keynote Speaker: Dr Jordan Nguyen Room: Hall C & D										
10.00 – 10.30am	Morning Tea										
0.35am – 11.35am	<p><b>Cardiorespiratory 9A</b>                  Theme: Chronic breathlessness</p> <p>10.35                  Use of the common-sense model of self-regulation to explore breathlessness beliefs and expectations: systematic review</p> <p><b>Speaker:</b>                  Rebecca Burgess</p> <p>10.50                  Sad and breathless: negative mood worsens exertional dyspnoea in chronic obstructive pulmonary disease</p> <p><b>Speaker:</b>                  Norman Morris</p> <p>11.05                  Explain chronic breathlessness: common elements and difficult concepts described by Australian health professionals</p> <p><b>Speaker:</b>                  Marie Williams</p> <p>11.20                  Year in review: chronic breathlessness</p> <p><b>Speaker:</b>                  Kylie Johnston</p> <p>Room: E1</p>	<p><b>Gerontology 9</b>                  Theme: Dementia</p> <p>10.35                  Physiotherapy management of individuals with dementia: an update of epidemiology, risk factors, physiotherapy research and practical management strategies</p> <p><b>Invited Speaker:</b>                  Morag Taylor</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Musculoskeletal 9A</b>                  Theme: Shoulder / "How to": Find answers</p> <p>10.35                  Best practice management of rotator cuff related shoulder pain – considerations and recommendations</p> <p><b>Invited Speaker:</b>                  Mary Magarey</p> <p>11.05                  How to search PEDRO to answer clinical questions</p> <p><b>Speaker:</b>                  Anne Moseley</p> <p>Room: Hall A</p>	<p><b>Neurology 9</b>                  Theme: Concussion</p> <p>Concussion – best practice &amp; physiotherapy</p> <p><b>International Keynote Speaker:</b>                  Mark Bayley</p> <p>Room: Hall C &amp; D</p>	<p><b>Occupational Health 9</b>                  Theme: Job and task design</p> <p>10.35                  Designing productive work tasks to be physically health promoting: the goldilocks principle</p> <p><b>National keynote Speaker:</b>                  Leon Straker</p> <p>11.20                  Risk factors for development of lower limb osteoarthritis in physically-demanding occupations like the military: a narrative umbrella review</p> <p><b>Speaker:</b>                  Ben Schram</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Paediatric 9A</b>                  Theme: Orthopaedics B</p> <p>10.35                  How to assess idiopathic toe-walking</p> <p><b>Speaker:</b>                  Kelly Gray</p> <p>11.05am                  Reliability of the Bleck's measurement in children 0-4 years with Metatarsus Adductus</p> <p><b>Speaker:</b>                  Emily Ward</p> <p>11.20                  The use of the weight-bearing lunge test in a paediatric congenital talipes equinovarus population</p> <p><b>Speaker:</b>                  Georgia Gosse</p> <p>Room: Panorama 1</p>	<p><b>Sports &amp; Exercise 9</b>                  Theme: Transforming clinical tools in practice</p> <p>10.35                  Intrinsic foot muscle EMG activity is altered when walking with foot orthoses</p> <p><b>Speaker:</b>                  Natalie Collins</p> <p>10.50                  Conservative management of contact versus non-contact anterior cruciate ligament ruptures in twins – a prospective case study of supervised physiotherapy</p> <p><b>Speaker:</b>                  Prashant Jhala</p> <p>11.05                  Anterior cruciate ligament reconstruction: knee extensor strength and graft choice</p> <p><b>Speaker:</b>                  Peta Johnston</p> <p>11.20                  Is there a relationship between ankle flexibility, endurance and power and ankle or foot injuries in junior netballers?</p> <p><b>Speaker:</b>                  Paula Peralta</p> <p>Room: E 2 &amp; 3</p>	<p><b>Women's, Men's Pelvic Health 9A</b>                  Theme: Gynaecological and breast cancer</p> <p>10.35                  The effect of pelvic floor muscle interventions on pelvic floor dysfunction after gynaecological cancer treatment: a systematic review</p> <p><b>Speaker:</b>                  Robyn Brennan</p> <p>10.50                  Gynaecological cancer and breast cancer, exercise and pelvic floor function</p> <p><b>National Keynote Speaker:</b>                  Helena Frawley</p> <p>Room: Riverbank 5</p>	<p><b>No nominated Group 9</b>                  Theme: Prescribing and extended scope</p> <p>10.35                  An evaluation of autonomous non-medical prescribing by physiotherapists in Queensland emergency departments</p> <p><b>Speaker:</b>                  Mark Cruikshank</p> <p>10.50                  Prescribing by physiotherapists: expanded scope or standard practice?</p> <p><b>Speaker:</b>                  Luen Pearce</p> <p>11.05                  Comparison of emergency physiotherapy practitioner prescribers versus existing emergency department prescribers for musculoskeletal injuries</p> <p><b>Speaker:</b>                  Mark Nelson</p> <p>11.20                  Discussion</p> <p>Room: Riverbank 6</p>		

		<p><b>Cardiorespiratory 9B</b> Theme: Respiratory care and ICU</p> <p>10.35 Year in review: physiotherapy for survivors of critical illness</p> <p><b>Speaker:</b> Selina Parry</p> <p>10.50 Respiratory physiotherapy for intubated and mechanically ventilated adults with pneumonia: a systematic review and meta-analysis</p> <p><b>Speaker:</b> Lisa Van Der Lee</p> <p>11.05 Implementation of ventilator hyperinflation into clinical practice: evaluation of practice change in a tertiary ICU</p> <p><b>Speaker:</b> Amy Mitchinson</p> <p>11.20 Safety and efficacy of one-way speaking valves</p> <p><b>Speaker:</b> Lauren O'Connor</p> <p>Room: Panorama 2</p>		<p><b>Musculoskeletal 9B</b> Theme: Neurosurgery / "How to": service delivery</p> <p>10.35 Clinical reasoning by advanced musculoskeletal physiotherapists in neurosurgery spine clinics: who sees the surgeon and why?</p> <p><b>Speaker:</b> David Simondson</p> <p>10.40 Advanced musculoskeletal physiotherapy post-operative neurosurgery service: a novel approach to managing clinic demand</p> <p><b>Speaker:</b> Caitlin Farmer</p> <p>10.45 Australian physiotherapists deliver care consistent with guideline recommendations for rotator cuff tendinopathy, although variability exists in exercise parameters and advice</p> <p><b>Speaker:</b> Andrew Smythe</p> <p>11.00 How to deliver a novel health care model for common musculoskeletal disorders: an expanded and integrated care pathway for physiotherapists</p> <p><b>Speaker:</b> Trudy Rebbeck</p> <p>Room: Panorama 3</p>		<p><b>Paediatric 9B</b> Theme: Developmental delay</p> <p>10.35 How to make sense of sensory assessment: how to assess sensory functioning in children with language disorders</p> <p><b>Speaker:</b> Kristy Nicola</p> <p>11.05 Service prioritisation: can the ages and stages questionnaire identify young children with gross motor difficulties who most require physiotherapy?</p> <p><b>Speaker:</b> Leanne Johnston</p> <p>11.20 Motor outcomes for very preterm infants at 4-5 years of age</p> <p><b>Speaker:</b> Wendy Deegan</p> <p>Room: City Room 3</p>		<p><b>Women's, Men's Pelvic Health 9B</b> Theme: Women's and men's health</p> <p>10.35 New protocols for a faster return to continence, erectile dysfunction and quality of life following radical prostatectomy: a randomised controlled study utilising pelvic floor muscle training</p> <p><b>Invited Speaker:</b> Joanne Milios</p> <p>11.05 Determining clinicians' definition and diagnosis of inflammatory conditions of the lactating breast: a mixed methods study</p> <p><b>Speaker:</b> Emma Heron</p> <p>11.10 Transforming pregnancy, birth and postnatal education. Developing effective physiotherapy interventions for expectant and new mothers in a digital age</p> <p><b>Speaker:</b> Sheridan Guyatt</p> <p>Room: City Room 2</p>	
--	--	---	--	--	--	---	--	---	--

11.40am – 12.40pm	<p><b>Cardiorespiratory 10A</b> Theme: COPD and pulmonary rehabilitation</p> <p>11.40 Evaluating the effect of water-based exercise in people referred to a pulmonary rehabilitation program: a pilot study</p> <p><b>Speaker:</b> Meredith King</p> <p>11.55 Incremental step test results are related to the six-minute walk distance in adults with chronic obstructive pulmonary disease</p> <p>Speaker: Meredith King</p> <p>12.02 Cognitive impairment in chronic obstructive pulmonary disease (COPD)</p> <p><b>Speaker:</b> Wing Kwok</p> <p>12.10 The extent of cultural and linguistic diversity among people with chronic obstructive pulmonary disease (COPD).</p> <p><b>Speaker:</b> Clarice Tang</p> <p>12.25 Barriers and facilitators to providing pulmonary rehabilitation to individuals from culturally and linguistically diverse backgrounds</p> <p><b>Speaker:</b> Elizabeth Havyatt</p> <p>Room: E 1</p>	<p><b>Gerontology 10</b> Theme: Hip fracture recovery</p> <p>11.40 It doesn't need to be the "end of the road". Hip fracture rehabilitation for frail, older people living in nursing care facilities (NCFs): the gap between what they get and what they need</p> <p><b>Invited Speaker:</b> Maggie Killington</p> <p>12.25 Does breaking up physiotherapy time into smaller blocks improve mobility outcomes after admission to rehabilitation following hip fracture surgery?</p> <p><b>Speaker:</b> Catherine Senserrick</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Musculoskeletal 10A</b> Theme: Telerehabilitation and communication</p> <p>11.40 Telerehabilitation for knee osteoarthritis in a developing country (brazil): a pre-post feasibility study</p> <p><b>Speaker:</b> Marcos De Noronha</p> <p>11.55 The future of telehealth and digital practice in physiotherapy</p> <p><b>Speaker:</b> Karen Finnin</p> <p>12.00 Demonstrating the impact of physiotherapy-led telehealth spinal assessment clinics: a south Australian experience</p> <p><b>Speaker:</b> Joseph Orlando</p> <p>12.05 Toward relationship-centred care: a qualitative exploration of patient-physiotherapist communication in private practice</p> <p><b>Speaker:</b> Amy Hiller</p> <p>12.20 Osteoarthritis, risk of falls and falls prevention - is it time to change our terminology?</p> <p><b>Speaker:</b> Sze-Ee Soh</p> <p>Room: Panorama 3</p>	<p><b>Neurology 10A</b> Theme: Concussion &amp; migraine</p> <p>11.40 How to: solving the complexity of concussion</p> <p><b>Speaker:</b> Megan Hamilton</p> <p>12.10 Vestibular migraine: can oculomotor, vestibular and postural stability measures aid in identification of vestibular migraine patients?</p> <p><b>Speaker:</b> Kate Alsop</p> <p>12.25 Piloting a clinical trial to reduce persisting symptoms following child concussion – a physiotherapy perspective</p> <p><b>Speaker:</b> Katie Davies</p> <p>Room: Hall C &amp; D</p>	<p><b>Occ Health 10</b> Theme: Occupational rehabilitation and return to work</p> <p>11.40 A tool to identify risk of non-return to work following a road traffic crash: a screening tool</p> <p><b>Speaker:</b> Venerina Johnston</p> <p>11.55 Do people with minor to moderate injuries return to work within one month of a road traffic crash?</p> <p><b>Speaker:</b> Elise Gane</p> <p>12.10 The impact of musculoskeletal injuries sustained in road traffic crashes on work-related outcomes: a systematic review</p> <p><b>Speaker:</b> Elise Gane</p> <p>12.25 Associations between fitness measures and change of direction speed with and without occupational loads in female police officers</p> <p><b>Speaker:</b> Robin Orr</p> <p>12.30 The physiological effects of a week-long specialist tactical police selection course</p> <p><b>Speaker:</b> Ben Schram</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Paediatric 10A</b> Theme: School aged focus and orthopaedics C</p> <p>11.40 Walking endurance and gait strategies of children with healed Perthes disease</p> <p><b>Speaker:</b> Verity Pacey</p> <p>11.55am Year 1 children are sedentary during school class time and can move more</p> <p><b>Speaker:</b> Kristin Macdonald</p> <p>12.10 Postural control predicts gross motor coordination in primary school children</p> <p><b>Speaker:</b> Gemma Allinson</p> <p>12.25pm Adolescent scoliosis: are we likely to identify it with current clinical practice?</p> <p><b>Speaker:</b> Andrew Claus</p> <p>12.30 Reproducibility of the timed up and go (tug) standard and dual task versions in school-aged children with and without coordination difficulties</p> <p><b>Speaker:</b> Leanne Johnston</p> <p>12.35 3D helmet therapy in Plagiocephaly – factors influencing predictability of reduction in cranial asymmetry</p> <p><b>Speaker:</b> Ken Shaw</p> <p>Room: Panorama 1</p>	<p><b>Sports &amp; Exercise 10</b> Theme: From HP to grass roots</p> <p>11.40 How to translate physiotherapy practices in high performance tennis to all tennis participants</p> <p><b>Speaker:</b> Melanie Omizollo</p> <p>12.10 Not too light, not too heavy...how to get The intensity right in strength exercises</p> <p><b>Speaker:</b> Mervyn Travers</p> <p>Room: E 2 &amp; 3</p>	<p><b>Women's, Men's Pelvic Health 10A</b> Theme: Pelvic pain</p> <p>11.40 Role of physiotherapy in genitourinary syndrome of menopause, gynecological cancer and vulvar pain: our clinical research experience</p> <p><b>International Keynote Speaker:</b> Chantale Dumoulin</p> <p>12.00 Is pain science relevant in pelvic pain?</p> <p><b>Invited Speaker:</b> Lorimer Moseley</p> <p>12.15 Everything I do it just ends up worse: women's experiences in the diagnosis and management of endometriosis</p> <p><b>Speaker:</b> Jane Chalmers</p> <p>12.20 Discussion panel</p> <p>Room: Riverbank 5</p>
	<p><b>Cardiorespiratory 10B</b> Theme: Lifelong learning, from student to cardiorespiratory specialist</p> <p>11.40 Year in review: cardiorespiratory education and career development</p> <p><b>Speaker:</b></p>		<p><b>Musculoskeletal 10B</b> Theme: Service Delivery / "How to": pain assessment</p> <p>11.40 The development and national roll-out of accredited training to support the implementation of an evidence-based intervention: the escape-pain training programme</p>	<p><b>Neurology 10B</b> Theme: Stroke &amp; brain injury</p> <p>11.40 Higher physical activity is associated with lower cardiovascular risk at two years following discharge from stroke rehabilitation</p>		<p><b>Paediatric 10B</b> Theme: Impairments and prematurity</p> <p>11.40 Instrumented measurement of muscle mechanical properties in children with atypical muscle structure or function: a systematic review</p>	<p><b>Women's, Men's Pelvic Health 10B</b> Theme: Bowels and OAB</p> <p>11.40 Anorectal disorders</p> <p><b>Invited Speaker:</b> Marc Gladman</p> <p>12.25</p>	

		<p>Shane Patman</p> <p>11.55 Clinical validation of expert consensus statements for respiratory physiotherapy management of invasively ventilated adults with community acquired pneumonia</p> <p><b>Speaker:</b> Lisa Van Der Lee</p> <p>12.10 The attitudes and perceptions of physiotherapy students are improved following a 60-minute high-fidelity cardiorespiratory simulation: an observational study</p> <p><b>Speaker:</b> William Hunt</p> <p>12.17 Low-fidelity simulation training improves confidence and competency in new physiotherapy graduates</p> <p><b>Speaker:</b> Mary Santos</p> <p>12.25 High-fidelity simulation-based learning in acute cardiorespiratory physiotherapy – effect on clinical performance and preparedness</p> <p><b>Speaker:</b> Wendy Hau</p> <p>12.32 Immersive simulation-based education improves physiotherapy staff confidence in the implementation of high-flow oxygen therapy in a deteriorating patient</p> <p><b>Speaker:</b> Felicity Prebble</p> <p>Room: Panorama 2</p>		<p><b>Speaker:</b> Fay Sibley</p> <p>11.55 Is the management of low back pain evidence-based? A systematic review of physiotherapy treatment choices</p> <p><b>Speaker:</b> Joshua Zadro</p> <p>12.10 How to assess for pain sensitisation: an update for clinicians</p> <p><b>Speaker:</b> Aimie Peek</p> <p>Room: Hall A</p>	<p><b>Speaker:</b> Natalie Fini</p> <p>11.55 Implementing and evaluating the bridges stroke self-management programme into a New Zealand district health board: a case study</p> <p><b>Speaker:</b> Leigh Hale</p> <p>12.10 Factors influencing upper limb use early post-stroke</p> <p><b>Speaker:</b> Lay Fong Chin</p> <p>12.25 What is the relationship between change in postural alignment and mobility for adults after acquired brain injury?</p> <p><b>Speaker:</b> Simon Mills</p> <p>Room: City Room 2</p>		<p><b>Speaker:</b> Leanne Johnston</p> <p>11.55 What aspects of gross motor function can lower limb muscle strength predict in children with spina bifida myelomeningocele</p> <p><b>Speaker:</b> Ashleigh Gehrig</p> <p>12.10 Occurrence of and temporal trends in fidgety general movements in infants born extremely preterm/extremely low birthweight and term-born controls</p> <p><b>Speaker:</b> Amanda Kwong</p> <p>12.25 The lived experience of aboriginal mothers parenting a premature infant in an rural area</p> <p><b>Speaker:</b> Luke Wakely</p> <p>Room: City Room 3</p>	<p>Percutaneous tibial nerve stimulation: managing overactive bladder syndrome</p> <p><b>Speaker:</b> Anthony Kiosoglous</p> <p>Room: Riverbank 6</p>			
12.40 – 1.40pm	Lunch										
1.45 – 2.30pm	<p><b>Pain 11</b> Theme: Assessing and managing perceptual and sensory dysfunction in neck pain</p> <p>1.45 Assessing neck-specific body-perception in people with neck pain:</p>	<p><b>Cardiorespiratory 11</b> Theme: Rehabilitation in chronic respiratory disease</p> <p>1.45 Personalising rehabilitation in adult chronic respiratory disease</p> <p><b>Invited Speaker:</b> Christian Osadnik</p>	<p><b>Gerontology 11</b> Theme: Technology</p> <p>1.45 Technology and older people</p> <p><b>Invited Speaker:</b> Maayken van den Berg</p>	<p><b>Musculoskeletal 11A</b> Theme: BMI, osteoarthritis and manual therapy</p> <p>1.45 How BMI and other morphological factors influence knee kinematics</p> <p><b>Speaker:</b> Diana Perriman</p> <p>2.00</p>	<p><b>Neurology 11A</b> Theme: Assessment and measurement in neurological rehabilitation I</p> <p>1.45 Clinical implications of a normative dataset for lower limb angular velocity and range of motion during walking</p>	<p><b>Occupational Health 11</b> Theme: Ergonomics in workspace design</p> <p>1.45 Designing and fitting out a new hospital. The benefit of hindsight – what works well and what doesn't</p> <p><b>Speaker:</b> Peter Pollnitz</p>	<p><b>Paediatric 11</b> Theme: Pain</p> <p>1.45 Mental health and chronic pain</p> <p><b>Invited Speaker:</b> Vance Locke</p> <p>2.15 Subjective impressions</p>	<p><b>Sports &amp; Exercise 11</b> Theme: Exercise for clinical pathology</p> <p>1.45 Better education and exercise-therapy for people with patellofemoral pain (beep): pilot study of staged care</p>	<p><b>Women's, Men's Pelvic Health 11</b> Theme: Sleep</p> <p>1.45 Nocturia, a marker of poor health</p> <p><b>Invited Speaker:</b> Wendy Bower</p> <p>2.05 Sleep and its relevance</p>	<p><b>No nominated Group</b> Theme: Technology</p> <p>1.45 Design concepts for conversational agents for health behaviour change</p> <p><b>Speaker:</b> Judith Hocking</p>	<p><b>JoP Workshop</b></p> <p><b>Presenter:</b> Mark Elkins</p> <p>Room: City Room 2</p>

<p>development and evaluation of the Fremantle neck awareness questionnaire (FRENAQ)</p> <p><b>Speaker:</b> Dr Mark Catley</p> <p>2.00 Properties of a novel tool to test and train tactile acuity</p> <p><b>Speaker:</b> Nick Olthof</p> <p>2.15 Illusion-enhanced virtual reality exercise for neck pain</p> <p><b>Speaker:</b> Dr Dan Harvie</p> <p>Room: Riverbank 7 &amp; 8</p>	<p>2.15 Validation of the sedentary behaviour questionnaire in chronic obstructive pulmonary disease</p> <p><b>Speaker:</b> Sonia Cheng</p> <p>Room: Riverbank 5</p>	<p>2.15 telephone-delivered exercise advice and behaviour change support by physiotherapists for people with knee osteoarthritis: the telecare pragmatic randomised controlled trial.</p> <p><b>Speaker:</b> Rana Hinman</p> <p>Room: Riverbank 2 &amp; 3</p>	<p>A posterior-to-anterior glide compared with a traditional anterior-to-posterior glide for increasing knee flexion: a pilot randomised controlled trial</p> <p><b>Speaker:</b> Ms Yi-Ying Zeng</p> <p>2.15 How osteoarthritis changes knee kinematics</p> <p><b>Speaker:</b> Jennie Scarvell</p> <p>Room: Hall C &amp; D</p>	<p><b>Speaker:</b> Megan Banky</p> <p>2.00 Establishing the ecological validity of the modified TARDIEU scale for walking in patients with a neurological condition</p> <p><b>Speaker:</b> Megan Banky</p> <p>2.15 Subjective rating of associated reactions of the arm during walking in people with acquired brain injury</p> <p><b>Speaker:</b> Michelle Kahn</p> <p>Room: Riverbank 6</p>	<p><b>Musculoskeletal 11B</b> Theme: Contemporary osteoarthritis</p> <p>1.45 A pedalling-based protocol was superior to standard physiotherapy for post-operative rehabilitation after total knee replacement in a randomised controlled trial</p> <p><b>Speaker:</b> Larissa Sattler</p> <p>2.00 Current physiotherapy practice around falls prevention in osteoarthritis care: a national study</p> <p><b>Speaker:</b> Ilana Ackerman</p> <p>2.15 Implementing nice clinical guidelines for osteoarthritis in primary and community care settings: the joint pain advice (JPA) model</p> <p><b>Speaker:</b> Fay Sibley</p> <p>2.20 Engaging in an evidence-based osteoarthritis management program: patient and referrer perspectives</p> <p><b>Speaker:</b> Jason Wallis</p> <p>2.25 The experience of living with knee osteoarthritis: a systematic review of qualitative studies</p>	<p><b>Neurology 11B</b> Theme: Stroke PA</p> <p>1.45 The effect of a high intensity treadmill training and self-management program on free-living physical activity in people with stroke undergoing rehabilitation</p> <p><b>Invited Speaker:</b> Sandy Brauer</p> <p>2.15 Exercise delivered via telehealth to reduce secondary stroke risk needs the right equipment, resources and clinician training to optimise success</p> <p><b>Speaker:</b> Emily Ramage</p> <p>Room: City Room 3</p>	<p>2.15 Profiling the injuries sustained by recruits during police force recruit training</p> <p><b>Speaker:</b> Dr Ben Schram</p> <p>Room: Panorama 1</p>	<p>of pain in the neonatal intensive care unit are poorly correlated to objectively assessed pain in infants</p> <p><b>Speaker:</b> Emre Ihlman</p> <p>Room: Panorama 2</p>	<p><b>Speaker:</b> Christian Barton</p> <p>2.00 Gluteal amnesia: how to re-activate the gluteal muscles in the presence of gluteal tendinopathy</p> <p><b>Speaker:</b> Henry Waslenjer</p> <p>Room: E 2 &amp; 3</p>	<p>for health and function</p> <p><b>Invited Speaker:</b> Anne Burke</p> <p>Room: Hall A</p>	<p>1.50 Physiotherapist's use of interactive technology for client care: a scoping review</p> <p><b>Speaker:</b> Jonathon Ling</p> <p>1.55 Smartphone applications for range of motion assessment in clinical practice: a qualitative review</p> <p><b>Speaker:</b> Sasha Job</p> <p>2.10 Patients and caregivers are satisfied with telehealth in managing their health: findings from a systematic review</p> <p><b>Speaker:</b> Joseph Orlando</p> <p>Room: Panorama 3</p>
--	--	---	--	---	---	--	--	---	---	--	---

				<p><b>Speaker:</b> Jason Wallis</p> <p>Room: E1</p>							
2.35 – 3.20pm	<p><b>Pain 12</b> Theme: Clinical Outcomes in Musculoskeletal Pain</p> <p>2.35 Screening, scans and choosing words carefully: optimising care for patients with low back pain</p> <p><b>Invited Speaker:</b> Emma Karran</p> <p>2.55 “My knee is stuffed – it’s bone-on-bone”: time to reconceptualise osteoarthritic pain?</p> <p><b>Invited Speaker:</b> Tasha Stanton</p> <p>Room: Riverbank 7 &amp; 8</p>	<p><b>Cardiorespiratory 12</b> Theme: Physical activity and sedentary behaviour in COPD</p> <p>2.35 Self-reported sedentary time in COPD and bronchiectasis</p> <p><b>Speaker:</b> Zoe McKeough</p> <p>2.42 Associations of sedentary behaviour with clinical outcomes in people with chronic obstructive pulmonary disease</p> <p><b>Speaker:</b> Sonia Cheng</p> <p>2.50 Changes in physical activity after exercise training with air or oxygen in people with COPD who experience exercise-induced desaturation</p> <p><b>Speaker:</b> Zoe McKeough</p> <p>3.05 Awards, national chair update and cardiorespiratory conference close</p> <p>Speakers: Meredith King and Claire Baldwin</p> <p>Room: Riverbank 5</p>	<p><b>Gerontology 12</b> Theme: Fall prevention</p> <p>2.35 Evaluation of tailored education delivered by physiotherapists in hospital on older adult falls prevention behaviour after discharge</p> <p><b>Speaker:</b> Chiara Naseri</p> <p>2.50 An update on the latest evidence for falls prevention across all settings</p> <p><b>Invited Speaker:</b> Anne-Marie Hill</p> <p>Room: Riverbank 2 &amp; 3</p>	<p><b>Musculoskeletal 12</b> Theme: Transforming physiotherapy</p> <p>Speakers: Julia Treleaven, Bill Vincenzino, Nicola Heneghan</p> <p>Room: Hall C &amp; D</p>	<p><b>Neurology 12A</b> Theme: Assessment and measurement in neurological rehabilitation II</p> <p>2.35 Exercise-induced symptom provocation in traumatic brain injury: preliminary results</p> <p><b>Speaker:</b> Gavin Williams</p> <p>2.50 Which test is best? Muscle strength testing in neurological rehabilitation</p> <p><b>Speaker:</b> Edwina Sutherland</p> <p>3.05 Feasibility and safety of early-initiated cardiac rehabilitation in stroke survivors to improve survivorship (CRISSIS)</p> <p><b>Speaker:</b> Gavin Williams</p> <p>Room: Riverbank 6</p> <p><b>Neurology 12B</b> Theme: Implementation</p> <p>2.35 The challenges and opportunities for physiotherapists to implement evidence in stroke rehabilitation settings</p> <p><b>Invited Speaker:</b> Elizabeth Lynch</p> <p>3.00 Stroke survivors demonstrate decreased adherence to stroke risk factor recommendations two years post rehabilitation discharge</p> <p><b>Speaker:</b> Natalie Fini</p> <p>3.15 Using non-invasive brain stimulation to boost the hypoalgesic effects of exercise</p> <p><b>Speaker:</b> Jana Borovskis</p> <p>Room: City Room 3</p>	<p><b>Occ Health 12</b> Theme: Ergonomic interventions</p> <p>2.35 Ergonomics or exercise: do they work for computer users with neck pain?</p> <p><b>Invited Speaker:</b> Venerina Johnston</p> <p>Room: Panorama 1</p>	<p><b>Paediatric 12</b> Theme: School aged assessment</p> <p>2.35 School readiness: what does this mean for children, families, schools and health practitioners?</p> <p><b>Invited Speaker:</b> Leanne Johnston</p> <p>3.05 A comparison of sensitivity and specificity of the south Australian motor assessment test and the movement assessment battery for children-2</p> <p><b>Speaker:</b> Emily Ward</p> <p>Room: Panorama 2</p>	<p><b>Sports &amp; Exercise 12</b> Theme: Evaluating injury and return to sport</p> <p>2.35 Psychometric properties of the hip-return to sport after injury scale (short form) for evaluating psychological readiness to return to sport</p> <p><b>Speaker:</b> Denise Jones</p> <p>2.50 Do concussed Australian football league players have similar subsequent injury rates and regions compared to players returning from other injuries?</p> <p><b>Speaker:</b> Ryan Pascoe</p> <p>3.05 An exploratory study into the use of body-scanning to improve function after anterior cruciate ligament reconstruction</p> <p><b>Speaker:</b> Tim Mitchell</p> <p>Room: E 2 &amp; 3</p>	<p><b>Women’s, Men’s Pelvic Health 12</b> Theme: Careers and competencies</p> <p>2.35 Transforming careers</p> <p><b>Panel:</b> James Fitzpatrick, Cath Willis, Chantale Dumoulin, Helena Frawley, Wendy Bower, Jenny Kruger, Trish Neumann, Taryn Hallam</p> <p>Room: Hall A</p>	<p><b>Educators 12</b> Theme: Simulation B</p> <p>2.35 Physiotherapy students can learn to portray realistic patient roles in simulation: a pragmatic observational study</p> <p><b>Speaker:</b> Shane Pritchard</p> <p>2.50 Students as patients: a systematic review of the effects of peer simulation on communication and empathy</p> <p><b>Speaker:</b> Narelle Dalwood</p> <p>3.05 Physiotherapy students’ disc behaviour styles can be used to predict the likelihood of success in clinical placements</p> <p><b>Speaker:</b> Nikki Milne</p> <p>Room: Panorama 3</p>	

3.20 – 3.50pm	Afternoon Tea										
3.55 – 5.00pm	Plenary 5 Beyond informed to transformed Keynote Speaker: Robyn Moore  Room: C & D										
5.30 – 6.45pm	College Graduation Room: Hall A										
7.00 – 11.30pm	Conference Dinner Adelaide Convention Centre
